Retail Motor-Fuel Dispensers
and Consoles

Inspector's Manual

Revision-July 2003

Contents

	<u>Page</u>
Chapter 1 - Introduction To Retail Motor-Fuel Dispensers & Consoles	
Chapter Objectives	1-1
The National Training Program	1-1
Course Objectives	1-2
Prerequisites	1-3
Summary	1-3
Chapter 2 - Retail Motor-Fuel Systems	
Chapter Objectives	2-1
Retail Motor-fuel Devices	2-1
The Fuel-dispensing System	2-2
Self-contained Pumps and Remote Dispensers	2-5
Dual-product Dispensers	2-7
Multiple-product Dispensers	2-9
Blended-product Dispensers	2-13
Mechanical and Electronic Fuel Dispensers	2-17
Summary	2-19

Chapter 3 - Components Of The Retail Motor-Fuel Dispensing System

Chapter Objectives	3-1
Introduction	3-1
Hydraulic Continuity	3-1
Pressurizing and Moving the Fuel	3-3
Self-contained Systems	3-3
Remote-pump (or Remote-dispenser) Systems	3-5
Blended-product Dispensers	3-8
Multi-product Dispensers	3-8
Metering and Indicating Fuel Delivery, and Computing Price	3-9
The Meter	3-9
The Computer	3-12
Mechanical Computers	3-12
Electronic Computers	3-13
Controlling the Operation of the Fuel-Dispensing System	3-16
The Discharge Nozzle	3-16
Other Manual Controls	3-22
Service, Payment, and Product Selector Controls	3-23
Electronic Control Consoles	3-25
Summary	3-28

Chapter 4 - Test Equipment And Safety Procedures

Chapter Objectives	4-1
Inspection and Test Equipment	4-1
The Test Measure	4-3
Safety	4-7
Report Forms	4-8
Summary	4-9
Review Questions	4-13

Chapter 5 - The Inspection

Chapter Objectives	5-1
Introduction	5-1
Inspection	5-4
General Considerations	5-5
Accessibility	5-6
Assistance	5-6
Selection	5-7
Installation	5-7
Position	5-9
Use and Maintenance	5-10
Marking Requirements	5-11
Indicating and Recording Elements	5-13
Design	5-15
Readability	5-17
Values of Intervals	5-21
Indication of Delivery	5-23
Money-Value Divisions	5-23
Unit Price and Product Identity	5-27
Advancement and Return to Zero	5-28
Provision for Sealing	5-31
Multiple Unit Price Dispensers	5-32
Recorded Representations, Point of Sale Systems	5-35
Measuring Elements	5-35
Air Eliminator Vent	5-35
Security Seal on Adjusting Mechanism	5-36
Discharge Hose	5-38
Additional Inspection Procedures	5-42
Summary	5-42

	<u>Page</u>
Chapter 6 - The Test	
Chapter Objectives	6-1
Introduction	6-1
Pretest Determinations	6-1
Tolerances	6-3
Product Storage Identification	6-5
Test Notes	6-6
The Test	6-11
Testing Blended-Product Dispensers	6-20
Summary	6-23
 Chapter 7 - Post-Test Tasks	
Chapter Objectives	7-1
Introduction	7-1
The Security Seal	7-2
Evaluating Examination Results	7-3
Recording Totalizer Readings	7-4
Determination of Compliance Action	7-4
Notifying the Owner or Operator	7-5
Marking the Devices	7-6
Report Forms and Recordkeeping	7-6
Summary	7-6

Appendix - Examination Procedure Outlines
